Subject: FW: Possum Point - Draft DEQ Limits vs. Sample Data

All,

See attached files that compare the proposed discharge limits to the water quality data we have obtained at the site for the Pond D comingled water and Dewatering samples.

Thanks,

John

Subject: Possum Point - Draft DEQ Limits vs. Sample Data

John,

As requested, attached are two (2) tables as follows:

- Pond D Comingled Water vs. Draft DEQ Limits

- Pond E Contact / Rim Ditch / Well Points data vs. Draft DEQ Limits

Also, I've attached a Sample Location Map for reference purposes.

The information should be helpful for gauging the anticipated treatment.

Sincerely,

John D. DeBarbieri, P.E.
